DETAILED ACTION

The amendment filed on 10 August 2006 has been entered and overcomes the rejections to the claims.

Drawings

1. The drawings were received on 04 June 2004. These drawings are acceptable.

Allowable Subject Matter

2. Claims 1-25 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding independent claims 1, 7, 13, and 19, the prior art of record neither shows nor suggest a thermionic cathode comprised of, in part, a crystalline emitter having a tip, a cone and sides and a carbon coating applied to an outer surface of the cone, wherein the sides of the crystalline emitter are not carbon coated, along with the rest of the limitations of the claims.

Due to their dependency, claims 2-6, 8-12, 14-18, and 20-25 are necessarily allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
